

## Twixit! Clip facts you may not know

These clips are safe to use in the refrigerator, freezer, microwave, dishwasher, and on “boil -in” bags!

If they ever lose their shape, simply immerse in hot water.

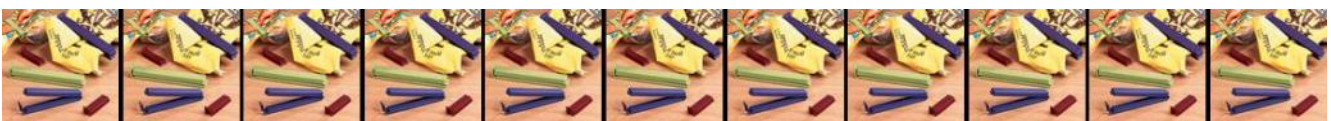

### ***Look what you can do:***

- Use to clip plastic bags inside boxes of cereal, crackers, Girl Scout Cookies, raisins – keeps them so fresh!
- Use a large Twixit! to clip a frosting decorator bag. Leave some room at the top, so you can still twist the bag for control of the frosting. No more oozing frosting all over the place
- Keep your baking supplies fresh in the pantry use on opened bags of nuts, chocolate chips, shredded coconut, brown sugar, confectioner's sugar
- Keeps all bagged pantry items fresh; clip marshmallows, noodles, coffee,
- Freezer safe; try on bags of vegetables, pizza rolls, chicken nuggets, waffles, bagels, tater tots, etc...
- When freezing liquids (like left-over soup) line the container you will re-heat it in with a freezer bag, fill with soup, clip with Twixit!, freeze in container, when frozen remove from container and store bag in freezer. When ready to use remove frozen soup from bag and put into the container it was shaped in
- Use them to close items that come in those re-sealable ziplock bags that are so hard to re-seal! Like shredded cheese, Ocean Spray Craisins, Sara Lee deli lunch meat and cheese packages,
- Perfect for closing bags of chips – Large clip can hold 4 or 5 bags of chips
- Use to close bread & bun bags on your counter top or in the freezer
- You can use them to pull your hair back while cooking or your daughter's hair back while she's eating
- Use to decorate a little gift - put some cookies or candy in colored cellophane wrap and close with a Twixit! to give as a gift for teacher or friends
- Put a Twixit! clip in a prize basket with your business card clipped in it for school raffles
- You can keep a large one in the diaper bag and give it to baby when he needs something to play with
- Keep a small one in the diaper bag so while at a restaurant you can clip a napkin around baby's neck as a bib - there are no sharp edges

## Twixit! Clip facts you may not know

- Express breast milk in Playtex bottle insert, then clip closed at top. Freeze, then thaw under hot water when needed
- Clip up those long blind cords, by rolling them around an open clip then snapping it closed – keeps them out of reach of children
- Keep kids winter gloves together for storing
- Keep game board pieces together by placing them in a bag and closing with a clip
- Keep Play Dough fresher by placing in a baggie, removing as much air as possible, twisting bag closed and sealing with a Twixit! clip
- Send with child to camp to hang his wet towels up on the side of the tent
- Makeshift scarf tie when your Cub Scout loses his neckerchief slide
- Use the small clip as a shoelace "biter" to keep little ones' shoelaces from coming untied.
- Great for attaching that plastic bag to your dog leash for those...you know
- In the garage for bird seed, dog food bags, charcoal bags, fertilizer bags
- When cleaning out the fish tank, put fish in a baggie with some of the current water and close it with a Twixit! clip. When you have the fresh water in the fish tank, you can float the fish in the baggie until they are ready to be released
- Use the largest Twixit! for your seatbelt to help hold it off your neck
- Clip corners of a plastic tablecloth with Twixit! Clips to keep it from blowing off your picnic table
- Use small clips to seal balloons so they can be reused
- Take clips camping and use for everything from clipping toothpaste, bags of chips, ice pack for sore body parts, smelly fish in a bag, sheets that won't fit the air mattress, hanging bathing suits up to dry etc...
- Super way to keep sandwiches and other snacks dry in a cooler full of ice – place them in a bag, twist and clip
- Clip the straps of a one-piece swimsuit together in the back to keep the suit from falling off.
- Clip a ziplock bag filled with locker key, money, etc... to your swimsuit strap when at the pool
- Clip a ziplock bag filled with keys, money, etc... to inside of your clothing while at the amusement park

## Twixit! Clip facts you may not know

- Bring an empty pillowcase on vacation to keep dirty clothes in and clip it with a large Twixit! Clip
- Fill bags with toiletries before packing your suitcase or gym bag and seal with a Twixit! in case of a spill
- The clips are good for clipping socks together so that they don't get mysteriously eaten in the washing machine
- Put the Twixit! on the end of your toothpaste and move it down as you empty the tube
- **CLIP A PINK TWIXIT! CLIP ON YOUR SHOWER CURTAIN TO REMIND YOU TO DO A MONTHLY BREAST EXAM**
